

Pattern 1

Home > Resources > Patterns > Pattern 1

Step 1 Start with a circle in a square, divided into eight equal sections (you can [download and print a template here](#)).

Step 2 Draw four lines that pass through the intersections indicated with red circles. Consider the lines as two opposing V-shapes. The lines do *not* end in the corners of the square.

Step 3 Draw another two opposing V-shapes, using the same intersections as in the previous step.

Step 4 All the construction lines have now been drawn. Take a different colour pen or pencil and draw the red lines, tracing parts of lines you have drawn in the previous steps.

Step 5 Still using a different colour pen or pencil, draw the four-pointed star, as indicated.

Step 6 All the lines have been drawn, your pattern is complete.

Step 7 Your pattern without the construction lines.

Directions: Draw all the lines first with a pencil. Draw the lines in red with a pencil and then go over them with a permanent marker. Use crayons to color in the mosaic pattern.
