

## **Koinonia Farm's COVID-19 Protocols**

**(Edited 10/15/21)**

Koinonia is following CDC, state, and local guidelines to keep our community, guests, and neighbors safe. Among other general safety procedures such as increased hand washing, social distancing, and use of gloves when necessary, Koinonia is also following these guidelines:

- Everyone at Koinonia, whether fully vaccinated or not, wears a mask when indoors in a public space. The only exception on campus is when eating in the Dining Hall or Coffee House.
- Anyone coming to Koinonia for a stay, for lunch, or for a tour will need to show proof of full vaccination.
- Customers coming to the store will be required to wear a mask, whether fully vaccinated or not.
- Out of an abundance of caution, those who travel out of state or travel extensively within Georgia must have a negative COVID test before returning to public spaces at Koinonia.
